## Regulatory & Legal Compliance

22. Planning details can be found by searching the references below on the Planning Portal NI:  
<https://planningregister.planningsystemni.gov.uk/simple-search>  
LA10/2023/1866/F - approved 10 Oct 2023  
LA10/2024/0678/NMC - approved 26 July 2024  
LA10/2025/0504/NMC - approved 4 June 2025

23. Building Control Approval: Pending. FP/2025/0846

24. The Council conducted an Equality Impact Assessment (EQIA), focused on two key areas related to the project:

1. The new facility and operating model following redevelopment
2. Outreach/Interim Service during Fermanagh Lakeland Forum (FLF) Redevelopment.

This assessment concluded that:

- The new facility and operating model post-redevelopment of the Fermanagh Lakeland Forum would not require a full EQIA, as the project has undergone extensive consultation with users, user groups, and the public. This includes a comprehensive public consultation during the planning approval process.
- The Outreach/Interim Service during redevelopment is not subject to an EQIA, as it is based on the current leisure centre services. The aim of this provision is to ensure continuity of service for the public, minimising any potential disruptions.

25. The Council conducted a Rural Needs Impact Assessment for the proposed redevelopment of the Fermanagh Lakeland Forum.

This assessment focused on two key areas related to the project:

1. The new facility and operating model following redevelopment.
2. Outreach/Interim Service during FLF Redevelopment.

The findings of the assessment were as follows:

- The new facility and its operating model after redevelopment are not expected to negatively affect rural residents. The Council will continue providing services at the existing FLF site, which rural businesses and residents are currently able to access without issues.
- The Outreach/Interim Service during the redevelopment was found to have an equal impact for rural users.
