A sports education initiative, which aims to promote excellence in local sports, was launched today by Chairperson of Fermanagh and Omagh District Council, Cllr Mary Garrity and NI international footballer, Roy Carroll.

The ‘What’s Your Game?’ Club and Coach Education Programme, organised and funded by Fermanagh and Omagh District Council, provides opportunities for those involved in sport in the district to gain coach education and sports’ governing body qualifications in netball, ultimate Frisbee, futsal, dodgeball, boccia and football.

First aid, safeguarding of children and young people, autism and sports coaching, children’s coaching, and good club governance courses will also be on offer.

Courses that are available on the ‘What’s Your Game?’ Club and Coach Education Programme are required to help junior sports clubs achieve Clubmark NI status - a recognised standard which demonstrates a club has achieved a level of quality in the areas of management, coaching and safety.

The Council has also organised two guest speaker events as part of the programme, where those in attendance will be given a special insight into competitive sport at the highest level. The first guest speaker event will feature NI international Roy Carroll in conversation with football pundit Liam Beckett while the second event will see Tyrone GAA manager, Mickey Harte, in conversation with local sports journalist and GAA enthusiast, Paddy Hunter.

The ‘What’s Your Game’ programme also includes a series of expert master classes in nutrition and strength and conditioning for athletes keen to improve their personal performance. These masterclasses will be delivered in partnership with the North West Coaching Network.

Speaking at the launch of the ‘What’s Your Game?’ programme, Cllr Mary Garrity said:

“Fermanagh and Omagh District Council recognises and appreciates the contribution of our sports clubs, coaches, leaders, teachers and athletes and is pleased to support their development and continuous improvement by investing in the ‘What’s Your Game?’ programme.

The programme is a wonderful opportunity for all those involved in sport to avail of high quality sports training and coaching at a reduced cost. Clubs and organisations also have the opportunity to apply to the Council for grant support to attend the courses available through the programme. If successful, this can help to further reduce the cost to participate and ensure as many people as possible can benefit.”

The ‘What's Your Game?’ programme and application forms are available from www.fermanaghomagh.com and reception at Omagh Leisure Complex, The Grange and the Public Services Centre, Omagh; Fermanagh Lakeland Forum and the Townhall, Enniskillen; Castle Park Leisure Centre, Lisnaskea, and the Bawnacre Centre, Irvinestown. **Lough Erne Heritage** was formed in 2015 and is managed by Trustees, all of whom have a direct connection with the Erne. The Trustees are volunteers and unpaid. Membership is open to anyone with an interest in the heritage and culture of the Erne.

A key role of Lough Erne Heritage is to ensure that the Erne's unique and fascinating heritage, artefacts, history, traditions and records of the people connected with its waterway are conserved, documented, made accessible and, most importantly, communicated to as wide an audience as possible.

Lough Erne Heritage is all about people telling their own family story, an account of life, events and activities connected by boats to the Erne. It covers Counties Longford, Cavan, Fermanagh and Donegal, the path way of the Erne.

Lough Erne Heritage will encourage research about Lough Erne, its traditional boats and the people who built and used them. We hope to preserve the skills involved in the building of traditional wooden boats and promote the use of those boats on Lough Erne.

The Erne was once a major transport hub, used since ancient times by people living on the islands, on the shore, farmers, pilgrims, travellers and armies.

As a group we seek to share heritage and cultural knowledge, to generate and provide research and educational resources for individuals, groups and educators. This will support a better awareness and understanding of the history and heritage of the Erne waterway. Through collaborative working and combining our efforts the story will be told.

Learning about our shared heritage and culture will promote a better understanding of our history. Lough Erne Heritage is in the process of registering with the Charity Commission NI.

If you would like more information, please get in touch by telephone: 028 6862 1666 or email: info@lougherneheritage.com or facebook www.facebook.com/lougherneheritage. Lough Erne Heritage, 24 Valley Road, Rossclare, Irvinestown, Co Fermanagh BT94 1SF

**Action for Children**

The **Supported Lodgings Service** provides planned and emergency placements for homeless young people in the Western Health & Social Care Trust area.

The Supported Lodgings Service recruits Hosts who in turn provide a placement and support in their home to a vulnerable young person requiring accommodation. In return we offer –

- a generous weekly allowance
- ongoing support and training
- a chance to help a young person reach their full potential.

Youth homeless remains an issue in our society – yet there is a lack of suitable placements for young people faced with homelessness. The Supported Lodgings Service is a new service which aims to meet the need of youth homelessness whilst providing young people with support and to experience being part of a family through having a sense of belonging. This is imperative in breaking down barriers of isolation and promoting positive emotional health for young people whose family relations have broken down. Our service builds upon supporting families to reunite through adding the stability of a placement and support in the community setting at the stage of crisis.

Within the Supported Lodgings service we have a number of very caring hosts who have opened up their homes to young people and the outcomes for these young people have been very positive.

If you would like to know more, a co-ordinator is available to visit and speak at one of your groups or an information event, for example

**Funding Opportunities**

**One Million Trees in One Day**

We're delighted to announce the opening of our Farmers & Smallholders scheme in Northern Ireland for 2017.

We've made some changes to the schemes to offer a broader range of packs and a simpler structure.

We've also introduced a new application fee of €21.00 for each pack. We want to deliver an improved project for 2017 and to run ongoing and consistent annual schemes for farmers and smallholders to access trees for their land. With constant uncertainty surrounding environmental and forestry funding rounds and Euro/Sterling exchange rates, we feel the One Million Trees in One Day initiative will benefit from a more practical and self-sufficient funding model.

Please visit [www.onemilliontreesinoneday.com/farmers.html](http://www.onemilliontreesinoneday.com/farmers.html) for more information about the schemes for 2017 and our new application fees.

If you wish to apply by the closing date of Friday 30 September, please get in touch directly with Imogen as per details below. Tree packs are allocated on a first come first served basis.

Free Solar PV Installations on NI 3rd Sector Community Owned Buildings

Last year NICE installed free of charge 130KW of solar pv, on the roofs of 13 NI 3rd sector community owned buildings. This was financed by a community share offer which raised £150k.

NICE is a community energy benefit society which was setup in 2014 to create community owned renewable energy projects & low carbon energy services, keeping financial revenues within the local community. As a community benefit society our individual investors & participating community building owners co-own the enterprise on a ‘one-member one-vote’ basis.

NICE generates revenue from the sale of electricity & receives an income from the Renewable Obligation Certificates (ROCS). An annual surplus over expenses enables the society to give a modest interest payment to its investing members. The significant share of the profits goes into NICE community benefit fund which allows the society to roll out further renewable energy & energy efficiency projects to the local community.

NICE is exploring the potential & community interest for a further similar solar pv project. We are now seeking expressions of interest from any community group which may wish to benefit from a free solar pv installation & in turn enjoy significantly discounted electricity (Your organisation would pay NICE 5.5p* per kWh used (*a fixed rate for the next 20 years), compared to what you pay your current electricity supplier approx current cost 15p. If all the electric from a 12 kW installation was used on site this would equate approx to a £900 annual saving & help reduce your organisation’s carbon footprint.

To be eligible for our offer the main criteria prospective participants for offer are required to meet includes:

- Is a NI 3rd sector organisation eg charity, church, school, social enterprise, community association that can evidence building ownership;
- Not a listed building nor in a conservation area;
- A suitable, unshaded roof or ground, minimum size 90 sq m with roughly a south facing aspect (SE-S-SW);
- Annual electricity costs over £3000. Majority of electricity usage during daylight hours & the potential to use most if not all of the electricity generated on site;
- A 3 phase electricity supply;
- Ability as an organisation to make decisions promptly (all installations will have to be completed by August 2016). NICE uses a ‘first past the post’ policy to fund installations.

You can find more information about our enterprise & solar pv installations to date on our website & social media pages

Interested?

We want to hear from you ASAP so please don't delay - this win win opportunity should not be missed.
