

## Building Control and Licensing

From the Reception Area, head straight towards the large double doors, as shown by the red arrows in the below image:

← Reception Desk

When through the double doors, you have the option of:

1. Taking the lift (to the lower level '-1'), as shown in the following three images:

Level 2	Environmental Health
Level 1	Chief Executive Control Chamber
Level 0	Reception Museum Room Conference Room Auditorium
Level -1	Building Control Licensing Planning

2. You can also descend one small flight of stairs (just past the lift), as demonstrated in the images below:

Then follow the corridor to the Building Control reception area. There is a bell, if needed, which will alert a member of staff.
