## **Section 1 Introduction**

### **1.1 Background to Grant Programme**

The Tackling Rural Poverty and Social Isolation Programme's (TRPSI) Rural Business Development Grant Pilot Scheme aims to sustain and support the development of micro rural businesses across Northern Ireland by providing a small capital grant for the business. The TRPSI Programme is funded by the Department of Agriculture, Environment and Rural Affairs, and this grant Programme is administered and managed by local Councils.

### **1.2 Level of Grant Aid**

The Scheme can provide funding of up to 50% of costs for capital items up to a maximum of £4,999. The minimum grant awarded will be £500. The total cost of the capital project must be a minimum of £1,000 and must not exceed £20,000. Applicants must provide the remaining match funding towards the project.

This is a competitive process and all grants awarded will be determined on the base of merit.

### **1.3 Who Can Apply?**

Grants are available to support the sustainability and development of existing micro businesses based in rural areas.

You can apply for a Rural Business Development Grant if:

- The business is based in a participating Council and within a rural area of Northern Ireland. A rural area is defined as an area with a population of less than 5,000 residents, plus the areas of Strathfoyle, Newbuildings and Culmore in Derry/Londonderry Urban Area (OUA) and Helens Bay, Crawfordsburn and Groomsport in the Belfast Metropolitan Urban Area (BMUA). If you are unsure if you are in an eligible rural area, please contact your local Council office before submitting your application.
- You are an established business that is actively trading, evidenced by providing your self-assessment number or Limited Company details, sales turnover details and a copy of a recent bank statement that is used by the business.
- Your business currently employs less than 10 full-time equivalent employees.
- You are appropriately insured or prepared to obtain appropriate insurance if awarded a grant (building or contents insurance as appropriate). No evidence of this is required at application stage, but you will be asked to confirm insurance cover at grant claim stage.
- You can provide two quotations for each item to be purchased which meet the guidance stated in section 1.7.
- You can complete your project within a short timeframe. It is anticipated that grant offers will be made in mid-February 2020, and your project cannot

commence until you receive a formal offer of funding. Projects must be completed by 31<sup>st</sup> March 2020, with all works completed, onsite, paid and through the bank account by this date.

- You are aged 18 or above at the application deadline. You may be asked to provide evidence of this at the Letter of Offer workshop if you are awarded a Letter of Offer.

Only one application can be accepted per business.

#### **1.4 Who Cannot Apply?**

The grant scheme cannot support:

- Businesses based in urban areas.
- New start businesses who have yet to commence trading (all business sectors).
- Mainstream agricultural activity.

All other existing registered businesses based in a rural area of a participating Council are eligible to apply for support.

#### **1.5 What can be funded?**

This is a pilot capital grant scheme to support the purchase of new capital items or activities including equipment, machinery and building works, which cost at least £1,000 and no more than £20,000. Examples of eligible expenditure includes computer equipment with associated software, new equipment or machinery, or minor building works to bring an area of a building back into economic use or improve/change the use of the building. For a project involving building works, full planning permission must be in place at the time of application, and the applicant must either own the property, or have a 5 year lease on the property from the date of any Letter of Offer.

#### **1.6 What cannot be funded?**

The following items cannot be funded under the Scheme:

- Any resource items, such as marketing materials, websites, training, feasibility studies, software (unless also purchasing associated capital hardware);
- Business running costs, such as staff costs, rent, rates, electric;
- Motorised vehicles, including vans, lorries, cars, boats, bikes;
- Improvements or refurbishments of any residential property (even if used for business purposes), including attics, garages and extensions;
- Improvements or refurbishments of any commercial property that is not owned by the applicant, or has a lease term of less than 5 years;
- General maintenance or refurbishment works;

- Any activity or action that is a statutory requirement of your business (eg for Health and Safety purposes such as Personal Protective Equipment) or the responsibility of another government department;
- Equipment, machinery or building works costing less than £1,000 or more than £20,000;
- Second hand equipment;
- Projects that have already started prior to a Letter of Offer;
- Consumable items used by businesses that are replaced regularly because they wear out or are used up.

Please note this list is not exhaustive, your local Council Officer can speak to you about your individual project.

### 1.7 What should I submit with my application?

Your application form must be fully completed and submitted to your local Council office as described in Appendix 1 with all required supporting documents.

### **3.0 Overview**

Every application received will be assessed to ensure the following:

- To ensure that the business is eligible to apply to this particular Scheme.
- To ensure each applicant's capability to deliver the proposal, and
- To determine how well the proposal meets the business's needs and supports the business sustainability and growth.

An acknowledgement receipt will be issued to you once your submission has been received. The Council will assess your application for eligibility. If your application is eligible to apply for grant aid, it will be forwarded for full assessment and scored against the stated criteria.

### **3.1 Eligibility Assessment**

If the business, based on the information supplied, is able to satisfy the Council of their eligibility, they will progress to the next part of the process.

If the business, based on the information supplied, is not able to satisfy the Council of their eligibility, they will be advised of specific omissions/shortcomings and how these can be addressed for any future funding requests.

### **3.2 What if an application is not eligible?**

If your application is not eligible, you will be notified immediately and the reasons will be outlined to you. Your application will not proceed to assessment and scoring.

If a business is not eligible for funding through the Programme, businesses may wish to contact the Council, who will help signpost to other sources of support.

### 3.3 Assessment and Scoring

If the business, based on the information supplied, is able to satisfy the eligibility criteria, they will be scored according to established assessment criteria shown in the table below.

<b>AREA</b>	<b>Score</b>
Economic Impact	/25
Need for project	/25
Evidence of potential export out of Northern Ireland	/5
Innovation	/10
Business Efficiency	/10
Previous funding	/10
Management strength	/15
<b>TOTAL</b>	<b>/100</b>

#### **Applications must score at least 65% in order to avail of funding.**

Applicants will be ranked according to score obtained and available funding allocated to highest ranking applications. Applicants who fail to achieve a score of at least 65% will be advised that they have been unsuccessful. Applicants who score above 65%, but who do not score high enough to be awarded funding due to lack of available funding will be notified of this.

### 3.4 How decisions are made

When the scores are finalised, the applications may be presented to your local Council.

Successful/unsuccessful applicants will be notified at this stage.

### 3.5 What happens if an application is successful?

If an application is successful, Council will issue a Letter of Offer which is a legal agreement with the business to deliver on the proposals outlined in their application form.

Signed Letters of Offer must be returned within **14 days of receipt**.

If successful, businesses **must** attend a Letter of Offer workshop which will explain the processes and procedures that relate to Programme monitoring, submitting a financial claim, requesting changes, promoting DAERA's support for the Programme, monitoring and evaluation requirements and the process of verification.

This grant funding scheme is retrospective and therefore costs will only be reimbursed once items are purchased, paid in full, viewed in place and a grant claim submitted and processed. Applicants will have to provide original invoices and show evidence of payment of invoices through their bank account as part of the claim process. Items should be paid through the bank account for which a statement is provided as part of the application process. **Cash and Credit card payments cannot be accepted.**

**Projects must be complete, paid in full and cleared the bank account by 31<sup>st</sup> March 2020 or the project will be deemed ineligible and no grant payment will be made.**

Grant claims, including original invoices and bank statements, must be submitted to your local Council by 28<sup>th</sup> April 2020.

Businesses are required to provide information on the impact of their project on project completion. Officers from your local Council, DAERA or audit officials may arrange post project visits to verify spend and discuss the monitoring information with the businesses that were funded.

### **3.6 What happens if an application is unsuccessful?**

If an application is not successful, officers from the Council discuss the application and provide practical developmental support to address areas of concern.

An Appeals Process/Review Procedure is also available if an application is unsuccessful. The purpose of this is to ensure that the decisions taken and procedures followed for individual applications are applied fairly and consistently.

The Review will provide an independent process through which an applicant will have the opportunity to submit information to the Review Panel indicating that either:

- the outcome was unreasonable or;
- the proper procedures were not followed.

Appeals on any other grounds will not be considered.

### 3.7 Grant Application Assessment Schedule

The Programme will be open for applications as follows:

Applications received after the closing time/date will not be considered for funding. No exceptions will be made and there is no recourse to appeal.

The application will be assessed against Programme objectives and the project selection criteria set out by the Councils.

Projects that meet the criteria will be considered for financial assistance on a competitive basis, and if approved, a Letter of Offer setting out the terms and conditions of the assistance will be issued.

## **Appendix 2 - Additional Information for Applicants**

### **1. Publication of Data**

If your application is successful and your project is awarded funding, please note that DAERA may publicise details of all financial support awarded/paid out to beneficiaries. This will include the name of the beneficiary, their postal town, their post code and the total amount of financial support received by the beneficiary from the Department of Agriculture, Environment and Rural Affairs.

Details of all applications (successful and unsuccessful) will be submitted to your local Council and applicant details will be published as part of the Council report, which are accessible to the public.

### **2. Data Protection Act**

- We will use the information you give us on the application form during assessment and for the life of any grant we award you to administer and analyse grants and for our own research.
- All information submitted in your application form, supporting documentation and any future claim will be made available to the funding organisation, the Department of Agriculture, Environment and Rural Affairs, and the administrative organisation – your local Council.
- We may give copies of this information to individuals and organisations we consult when assessing applications, when monitoring grants and evaluating the way our funding programmes work and the effect they have. These organisations may include accountants, external evaluators, external auditors and other organisations or groups involved in delivering the project.
- We may also share information with other government departments, including Invest Northern Ireland, organisations providing match funding and other organisations and individuals with a legitimate interest in applications and grants, or for the prevention or detection of fraud.
- We might use the data you provide for our own research. We recognise the need to maintain the confidentiality of vulnerable groups and their details will not be made public in any way, except as required by law.

### **3. Freedom of Information Act**

The Freedom of Information Act 2000 gives members of the public the right to request any information that we hold, subject to certain exemption that may apply. This includes information received from third parties, such as, although not limited to, grant applicants, grant holders and contractors. If information is requested under the Freedom of Information Act we will release it, subject to exemptions; although we may consult with you first. If you think that information you are providing may be exempt from release if requested, you should let us know when you apply. For further information please visit the Information Commissioner's Office at [www.ico.gov.uk](http://www.ico.gov.uk)

## **4 Equality Considerations**

### **Section 75 of the Northern Ireland Act (1998) and Equality Monitoring**

Under Section 75 of the Northern Ireland Act (1998) DAERA has a statutory obligation to promote equality of opportunity between: persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation; men and women; persons with a disability and persons without; and persons with dependants and persons without.

The Act also requires DAERA to take into account the promotion of good relations between persons of different religious belief, political opinion or racial group.

To meet its statutory obligations, DAERA has to continuously monitor and assess the equality uptake and outcomes of its policies and programmes, to determine if there are any adverse effects or consequences. And if there are, to look at ways to lessen these.

This equality monitoring is done through the completion of an equality monitoring form (questionnaire) by project beneficiaries once the funding has been awarded. DAERA is legally required to conduct this monitoring, but it is voluntary for beneficiaries to complete the form, which will be anonymous and confidential. The completed forms are returned directly to the Northern Ireland Statistics and Research Agency (NISRA) in a freepost envelope which will be provided. This information will be stored confidentially by NISRA. These completed forms are not seen by DAERA.

The information collected will only be used for Equality Monitoring purposes and in compliance with The Data Protection Act. The details on this form will not be used in the decision to award funding to any person/group who applies to the Scheme, nor will this form be linked in any way to details of individual participants.

All beneficiaries are encouraged to complete the form as it will greatly help DAERA comply with its statutory duty and in its assessment of the equality uptake and outcomes of the Scheme across different groups of people.
