

Springo!

Action
Write and tell us how many signs of spring you have discovered.

Go on a wild hunt in spring. Tick off each of these nature things as you do them. Once you've done 6 out of 9, you can shout **"Springo!"**

Sniff blossom

Blossom grows on lots of trees. Sniff it to see if it smells of anything.

Tap a catkin

Shake it gently to see if pollen falls out.

Find a buzzing bee

Once you've found one can you buzz like a bee?

Be a bird mimic

Listen to a bird singing and see if you can make a sound like it.

Get into shape

Find three leaves from different trees with different shapes.

Find a footprint

It could be a bird or an animal. People prints don't count!

Rough or smooth?

Touch the bark of a smooth tree and a rough tree.

Count yellow petals

Find a yellow flower and count the petals. There are petals.

Wing it

Spot something flying that isn't a bird or a bee.

Wild Challenge

[Wild Challenge extra]

If you enjoyed Springo! **try this.**

Spot spring springing!

Can you record spring appearing before you? Take pictures, draw things that are happening in nature, or write a poem. You might see buds bursting on trees, a flower appearing, or an insect on the move.
