Welcome to Culture Night 2022

Culture Night is a UK and Ireland-wide initiative where local arts and cultural organisations, venues and public spaces usually open their doors to the public to host free entertainment, as part of a celebration of arts, heritage and culture.

We are delighted to present Fermanagh & Omagh Culture Night 2022, showcasing the wealth of diversity and talent across our district. While the 2022 programme is mostly in-person, there are a few pre-recorded and online activities and events.

We have literature and language, lots of music, heritage, drama and arts activities.

Stay safe and have a great night!

Artist's Talk on 'New Connections – Explorations During the Pandemic'

a collection of original paintings by Irish artist Paul Crozier.

The inspiration for the artworks emanated from the Covid-19 pandemic and a strong urge to create positive and energising works in the midst of global uncertainty. This series reflects the desire to seek connections with natural surroundings, animals and other people during the unpredictable twists and turns of a global pandemic. Through a playful interaction between different textures and colours, Paul explores the complexity of relationships and human interactions, communicating stories through unrestricted brushstrokes.
