

18<sup>th</sup> June 2021

Dear Sir/Madam,

As you are aware, works commenced on the Enniskillen Public Realm Scheme on the 7<sup>th</sup> February 2020. FP McCann Ltd, a company with extensive experience in completing Public Realm Projects of this size and scale throughout Northern Ireland, are carrying out the works on behalf of the Fermanagh and Omagh District Council.

Whilst the scheme is a major civil engineering project, the work will be carried out in phases to minimise disturbance to businesses, residents and customers.

- The town centre will remain open for business
- Pedestrian access will be maintained to all properties, through the use of temporary walkways where required
- Parking will be restricted adjacent to the work area to facilitate construction and maintain pedestrian and traffic flow
- Works will only be actively carried out on one side of the Street at a time to minimise disruption

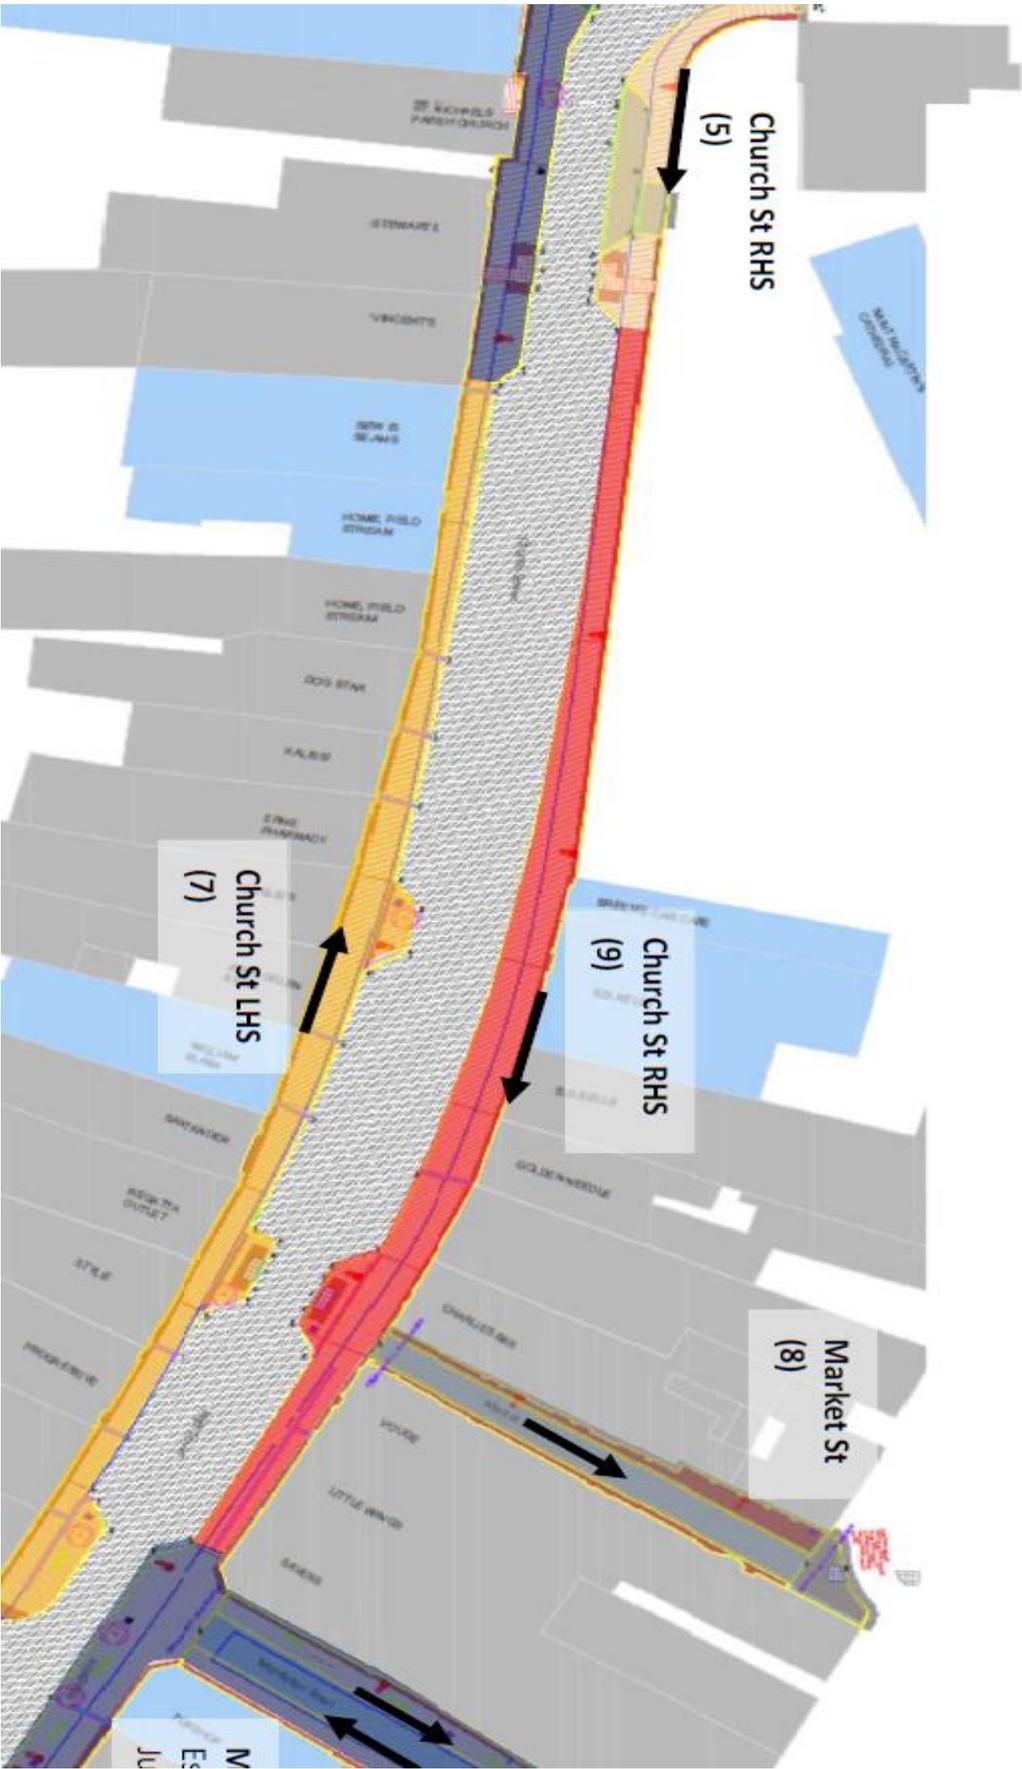

**Church Street/High Street - Footpath excavation and installation of the new natural stone paving will re-commence on the 5<sup>th</sup> July from Breen's Car Care to Top Shop. (Area highlighted in red overleaf)**
