Community Planning Update

The “Fermanagh Omagh 2030 “Community Plan is the overarching plan for the Fermanagh and Omagh district, bringing together the knowledge, expertise and collective resources of a wide range of partners, all working towards a single agreed vision. The Community Planning Partnership believes that services and quality of life for all in the district can be improved by getting the public, private and community/voluntary sectors working together better towards our agreed vision and 8 long-term outcomes.

The plan has been co-designed with input from all key stakeholders including the wider community. The co-design process took place over 2015 and 2016 and the plan itself was launched in March 2017.

Following the launch of the Community Plan, an Action Plan has been produced including actions which will help to begin to jointly tackle the major issues in the district and require a high level of partnership working to achieve, with a focus on prevention and early intervention. Some of the actions can be delivered in the short to medium term, others will take longer to fully achieve.

The plans are about your place and your future, so your say is important. The Community Planning Partnership is keen to hear what you think about what is included in the Action Plan. The Action Plan has been drafted and is available for consultation for 8 weeks from 18 December 2017 to 11 February 2018. The Action Plan can be viewed at www.fermanaghomagh.com/communityplan and you are invited to have a look at the plan and give feedback via the ‘Comment’ button on the Council’s website or via the online survey.

The last Drop-in Public Information Event will be held in Lisnaskea Library on **Tuesday 6 February 6pm-8pm**

Following consultation, a report will be prepared and presented to the Community Planning Strategic Partnership Board for consideration before agreement of the final Action Plan.

If you would like more information about the Community Plan Action Plan, you can get in touch with Oonagh Donnelly, Community Planning Officer by telephoning 0300 303 1777, ext 20213, textphone 028 8225 6216 or email community.planning@fermanaghomagh.com

Waste and Recycling

It is vital that we understand what happens to our waste – this helps us to think about how we can reduce and recycle our rubbish. By learning more about waste and recycling we can all do our bit for the environment.

Fermanagh & Omagh District Council believe in working with this and future generations to help improve our recycling and recovery rates. The recycling education officers are available to educate people about our facilities; the role everyone plays in recycling; and the benefits for the community.

If you are interested in an activity for your youth group or community group, please send a brief email outlining the dates you are interested in and details of your group to **claire.mcdermott@fermanaghomagh.com** or **anthea.owens@fermanaghomagh.com** and we will get in touch to discuss organising a bespoke session for you.

Please donate unwanted furniture and paint

Residents are encouraged to bring unwanted bulky items including wardrobes, tables and chairs etc to recycling centres located at Gortrush, Omagh, Fintona, Carrickmore, Drummee, Enniskillen, Irvinestown, Kesh and Lisnaskea. These items are collected by third sector organisations, refurbished and reused for social enterprise in your community.

Residents can also donate unwanted, usable paint that is then made available free of charge to residents and community groups throughout Fermanagh and Omagh District to use in the home, garden or on community projects.

Community News

The Heart of Ancient Ulster Landscape Partnership Scheme (LPS) are out and about

Moira O'Rourke Development Officer for The Heart of Ancient Ulster LPS has been busy out and about during the last few months meeting with local community representatives, external agencies and statutory bodies discussing the Lower Sperrin plateau and its assets.

The Lower Sperrin plateau is situated within the heart of Mid Ulster and is known for its natural beauty with a plethora of built, natural and cultural heritage and it is this heritage that needs protected for future generations.

Moira O'Rourke said; "People have been living on this landscape for over 5,000 years and their invaluable knowledge paves the way to protect the environment creating and exploring new opportunities, whilst increasing tourism to the area.

"Historic monuments scatter the land and cultural traditions have been passed down from previous generations. This is an exciting time, while the project is still in its infancy we will seek to support and encourage community groups to come together and work collectively on themes such as built, natural and cultural heritage. Local people will be able to up skill and avail of training and become Ambassadors for the land in which they live.

"As a result, community consultations have taken place throughout the area – the last one is being held in Greencastle Community Centre on **Thursday 1 February 7.00/9.00pm**.

This is an opportunity for community groups to come together to hear more about what lies ahead and give their views on what they would like to see take place in their area.'

Thanks to the Heritage Lottery Fund (HLF) who have awarded Round 1 funding to the Landscape Partnership scheme. The Heart of Ancient Ulster Landscape Partnership will conserve and protect 144km² of outstanding Neolithic landscape and reconnect the local community to its unique natural, built and cultural heritage.

Over the last decade, HLF's Landscape Partnership programme has provided £221million across the UK. The programme helps to forge new partnerships between public and community bodies, ensuring people are better equipped to understand and tackle the needs of their local landscapes. Grants range from £100,000 to £3million.

Thanks to National Lottery players, HLF invest money to help people across the UK explore, enjoy and protect the heritage they care about - from the archaeology under our feet to the historic parks and buildings we love, from precious memories and collections to rare wildlife. www.hlf.org.uk
You can follow HLF on Twitter, Facebook and Instagram and use #HLFsupported or #NationalLottery.

Rethinking Engagement a Dialogue Approach

Rural Community Network and Community Places in partnership with three local communities delivered a project exploring the issues around the siting of renewable energy technology in rural communities in 2016. We used an innovative engagement tool called the Public Conversations Project Dialogue methodology to ask citizens and other stakeholders to explore in depth their positions on this often contentious issue.

We are now in the process of sharing the learning from the project and showcasing the engagement technique which has been used to facilitate difficult conversations across a wide range of issues worldwide. This workshop will set out the learning from the project but will also give participants an opportunity to practise the technique.

Diabetes UK – Omagh Area Diabetes Support Group

More and more people in Northern Ireland are affected by diabetes, whether being diagnosed themselves or caring for someone else with the condition. There are over 100,000 people living with diabetes in Northern Ireland including an estimated 12,000 people living with undiagnosed Type 2 diabetes.

A good way of finding support is by joining a Diabetes UK Support group. The **Omagh Area Diabetes Support Group** is holding a meeting on **Wednesday 21 February** in Omagh Fire Station at 7.30pm. There will be a cookery demonstration with Adrian Fletcher.

The group offers people living with diabetes in the Omagh Area a chance to meet and share experiences with others, in a relaxed and informal environment. The group meets on a monthly basis with guest speakers at meetings who will talk about diabetes and offer advice, help and practical tips to live well with diabetes.

Members have found that belonging to a local group like Omagh Area Diabetes Support Group makes a really positive impact on how they approach managing diabetes and the difference that support, whatever form that may take, can make. The Group is informal and friendly and provides the opportunity to learn more about diabetes and to ask questions in a welcoming environment, as well as hearing from expert guest speakers.

For more information about the group, please contact Lorraine on 07780 731227 or join the Omagh Area Diabetes Support Group on Facebook.

Blue Grass Meets Green Grass

We are pleased to announce that the world class dance company Starmaker's will be visiting Ireland from the Southern American State of South Carolina in the Summer. The passion of Starmaker's is to inspire, motivate and enrich every student in the art of dance and this will be their first visit to Ireland. The group will be in Ireland's shores from 4-9 June.

The desire of the Starmaker's students is to share their talent of dance in the clogging genre and sharpen their skills in both Highland and Irish dance techniques while in Ireland. Starmaker's dance company is founded by world Clogging champion Christi Stanton who will be leading a group of 40 people, including 20 students between the age of 8 and 18 years old. The Clogging dance style celebrates the fusion of both Irish and Highland dance adapted in the New World in the same way that Bluegrass and Country music morphed from traditional Irish and Scottish music. In many ways it's an untold story of how dance was fused through immigration and in it's time for Starmaker's to bring the steps back to Ireland.

The dance company's locations and dates in June are as follows:

- 4 June Belfast
- 5 June Belfast
- **6 June Enniskillen**
- **7 June Enniskillen**
- 8 June Newcastle
- 9 June Dublin

Alzheimer’s Society

**Will you join the thousands of volunteers already taking on dementia?

Regional fundraising is at the very centre of how we raise vital funds at a local level. The money we raise funds the delivery of universal services as well as the services we provide locally such as dementia cafes. It also helps to fund research into care for today, a cure for tomorrow, as well as for our campaigning work.

Organ Donation Northern Ireland

Speak up and save a life

Approximately 7000 people require an organ transplant annually in the United Kingdom. There is a real shortage of organ donations and unfortunately every year around 14 people in Northern Ireland die waiting for an organ transplant.

Fermanagh and Omagh District Council are working with the Western Health and Social Care Trust (Western Trust) to raise awareness of the need for families and friends to have a conversation around their wishes in relation to organ donation.

This is because after your death, your next of kin will be consulted on whether your organs can be donated, even if you carry a donor card. Any decision they make will be respected. When families or friends know the wishes of their loved ones it can give them the confidence to fulfil your wish to be an organ donor.

There are many ways to register as a potential donor:

- Register online at www.organdonation.nhs.uk or www.organdonationni.info
- Register when applying for or renewing a driving licence
- Register when registering with a GP Practice
- Telephone the NHS Donor Line 0300 123 23 23. Lines are open 24 hours a day all year round
- Download a form from www.organdonation.nhs.uk print it and return it by Freepost
- Register when applying for a Boot's Advantage Card.

Live here Love here

Adopt A Spot

Adopt a Spot is a scheme that formally enables volunteer groups across Northern Ireland to adopt an area and look after it. You can choose any area you like. It could be a mile of beach that always seems to be full of litter, an area covered in graffiti, an urban park or your local forest or even the street you live on....anywhere is possible! If you think there is an area that could do with a bit of TLC, why not adopt it?

Adopters can be anyone, from families, community or youth groups, schools, businesses and sporting associations. Volunteering is a great way to get out and about and give you a feel good factor while simultaneously making a difference in your community. With Adopt A Spot you will hold four clean ups a year at a time of your choosing. Live Here Love Here will provide groups with an adoption pack containing all the equipment you need, including a hints and tips booklet on how to run a successful clean up.

If you are interested in instilling a pride of place in your community and busting that grot, or simply would like more information, please contact Karina Magee at Keep Northern Ireland Beautiful on 028 9073 6920 or email karina.magee@keepnorthernirelandbeautiful.org

Information from the Cabinet Office for EU nationals living in Northern Ireland

As you know, since the result of the referendum, the UK government has made clear that its first priority in negotiations with the EU is to secure the status of EU citizens living in the UK, and UK nationals living in the EU. No EU citizen currently in the UK lawfully will have to leave at the point that we leave the EU.

On 26 June we published a policy paper (available in English) which sets out our offer to EU citizens and their families in the UK. We are seeking to provide EU citizens with certainty about their future as soon as possible and we are very close to reaching an agreement with the EU.

There is no need for EU citizens living in the UK to do anything now, including applying for a permanent residence document. There will be no change to the status of EU citizens living in the UK while the UK remains in the EU.

We know that some of your residents will need to know what they need to do, and when, once a settlement agreement has been made with the EU. We want to make sure that people are kept up to date, and are encouraging people to sign up to the Home Office updates enewsletter.

120,000 people are already signed up, but there are over 3 million EU citizens currently living in the UK. We would really appreciate your help in signposting people to this useful resource. Below is some information which, if possible, it would be great if you could please share with your audiences, either through your social and digital channels, newsletters, magazines or through community groups with links to these audiences.

Action on Hearing Loss Northern Ireland is part of the new UK Hear to Inform and Connect (2017-19) project, funded by the Big Lottery Fund. This project will help to grow our information service to reach even more older people with hearing loss. The aim of the project is to ensure older people with hearing loss feel better informed about how to manage their hearing loss, and where to access further support in their local area. Our information teams will also work with care homes, community groups and local organisations who provide services or support for older people with hearing loss, to help them make their services more accessible and inclusive.

Our information Officers and volunteers will help in a number of ways:

- By delivering information stands in a range of community and health settings such as libraries, leisure centres, GP surgeries and hospitals.
- By giving talks to care homes, local community groups and organisations on deaf awareness, equipment, communication and Action on Hearing Loss services and campaigns.
- By carrying out basic hearing screenings using a hand held screener to identify whether further assessment by a hearing professional is required.
- By providing demonstrations of equipment such as vibrating alarms and amplified telephones, to support older people to better manage their hearing loss.
- By signposting to other local services for older people who are deaf or hard of hearing

For further information or to arrange a talk to your group or get a hearing check contact Geraldine Keys on 07393 232833 or email geraldine.keys@hearingloss.org.uk

Omagh's Hard of Hearing Club - Monthly Meeting

Running for over 20 years the Omagh Hard of Hearing club has been supporting members of our local community.

Hearing loss and deafness can create difficulties in communicating with friends and family, and can lead to isolation. People with hearing loss often report that they no longer go out socially, attend events, or even go shopping as often, because they struggle to hear and conversation can be difficult. The aim of the Omagh Hear to Meet Group is to meet other people who understand what it is like to live with hearing loss, take part in fun filled activities and meet others over a cuppa.

The club is for people who have a hearing loss or wear a hearing aid. The group is **free** of charge and meets in Omagh Library. For more information please contact Mariette Mulvenna at 028 9023 9619 or by email: mariette.mulvenna@hearingloss.org.uk

The experience will help potential volunteer students to develop their self confidence and experience dealing with different people in different walks of life. Take the Next Step to a healthier you!

The Western Trust is working in partnership with The Public Health Agency to encourage staff to quite literally take some simple steps to better health.

'Take the Next Step' aims to highlight that by sitting less and moving more we can increase our daily steps and help reduce the risk of developing long-term health conditions such as heart disease, some cancers and type 2 diabetes. Increasing activity levels also helps maintain a healthy weight and promotes positive mental health.

You can download one of the many free apps available or buy a pedometer to measure how many steps you take, then set personal goals to increase this number. Ideally this should be done as a group challenge so why not get your friends, family, your local community group or workplace to form a team to support and encourage each other to increase your daily steps and feel the health benefits.

If you would like to 'Take the Next Step' to better health, a range of resources including a Leader's Guide and Step Log are available to download at:

www.publichealth.hscni.net/publications/step-challenge-toolkit-leaders-guide-poster-certificate-etc

Please register your team on the form provided at the back of the Leader's Guide.

Hard copies of Step Challenge information leaflets for participants are also available on request by emailing: Lesley.Finlay@westerntrust.hscni.net Telephone 028 7186 5127 ext 217127.

Go on...'Take the Next Step' to a healthier you!

The Federation of City Farms and Community Gardens supports, represents and promotes community-managed farms, gardens, allotments and other green spaces, creating opportunities for local communities to grow.

Our work in Northern Ireland is relatively young, but growing fast - as is the community growing movement here. There's also plenty of information available to help Northern Ireland's community growers, available from our website www.farmgarden.org.uk

We work with community groups to help empower local people of all ages, backgrounds and abilities to build better communities, often in under resourced areas, and to make a positive impact on their surrounding environment. Our work contributes to creating better communities across the UK in both urban and isolated rural areas.

Download the useful publication **Sustaining Your Community Garden**, a good practice factsheet to ensure the long term sustainability of a community garden, based on research into 12 projects in Northern Ireland. It highlights how encouraging self-organisation in community growing projects can contribute to a good long term management plan.

The JAM Card allows people with learning difficulties to ask for 'Just a Minute' of patience

Social enterprise NOW Group have created an app for mobile phones called the **JAM Card** (an abbreviation of 'Just a Minute') that people with learning disabilities/difficulties can use to alert staff in retail outlets, public/private transport providers and other areas of public life they need Just A Minute of patience and time when interacting with them.

NOW Group support people with learning difficulties into training and employment and the **JAM Card** was the idea of their service users who said they often felt under pressure when they were out and about in every-day life and would like a discreet way of letting people know that they needed a little extra time.

Feedback shows that people feel more confident in public when they use the **JAM Card**. Some people who would have previously relied on their parents or taxis to travel now feel able to take public transport by themselves as they can show the bus driver the **JAM Card** and get the extra time they need to buy their ticket.

The **JAM Card** began as a plastic credit card sized card which says 'Just a Minute' on one side and 'Please be patient, I have a learning difficulty' on the other. Hundreds of people are already using the plastic card throughout Northern Ireland but NOW Group wanted a way to reach more people and felt that developing the card into a digital app would allow more people to access it and could also provide additional functionality as well as data feedback. Funding from both the Big Lottery and Nominet Trust have allowed the organisation to invest in developing the app and getting feedback from users.

The card and the app are both free. The card is available now by getting in touch with NOW Group on 028 9043 6400 or admin@nowgroup.org; an app is also available to download from your app provider.

Action for Children

The **Supported Lodgings Service** provides planned and emergency placements for homeless young people in the Western Health & Social Care Trust area.

The Supported Lodgings Service recruits Hosts who in turn provide a placement and support in their home to a vulnerable young person requiring accommodation. In return we offer –

- a generous weekly allowance
- ongoing support and training
- a chance to help a young person reach their full potential.

Youth homeless remains an issue in our society – yet there is a lack of suitable placements for young people faced with homelessness. The Supported Lodgings Service is a new service which aims to meet the need of youth homelessness whilst providing young people with support and to experience being part of a family through having a sense of belonging. This is imperative in breaking down barriers of isolation and promoting positive emotional health for young people whose family relations have broken down. Our service builds upon supporting families to reunite through adding the stability of a placement and support in the community setting at the stage of crisis.

Within the Supported Lodgings service a number of very caring hosts have opened up their homes to young people and the outcomes for these young people have been very positive.

If you would like to know more, a co-ordinator is available to visit and speak at one of your groups or an information event, for example
