Get involved in 'Community Lives' - A Fermanagh and Omagh District Council PEACE IV Programme

Community Lives is one of a number of programmes being managed by Fermanagh and Omagh District Council's PEACE IV Partnership under the EU's PEACE IV programme, managed by the SEUPB.

The Community Lives programme hopes to capture local community stories to dispel myths and increase understanding of our shared history. Participants will have the opportunity to have their voice heard and develop their visions for the future. The programme will concentrate on areas in Omagh: Strathroy, Gortview and the Hospital Road and surrounding areas; and in Enniskillen: Kilmacormick and Coleshill and the surrounding areas. The Community Lives programme will be delivered by facilitators from Verbal Arts, focusing on three interrelated strands Capturing the History, Mapping the Present and Imagining the Future.

The first strand "Capturing the History" involves community-based research, reminiscence work and inter-generational work with residents and former residents of the areas to record and represent the living history. Participants will have the opportunity to produce publications and online materials, as well as work with a professional photographer to produce an exhibition of work which will be displayed in venues in Enniskillen and Omagh.

The "Mapping the Present" strand will work with community and youth groups across the various areas and bring them together through the development of skills in film making, photography and mixed-media. The participants will have the opportunity to create short digital stories, which highlight the challenges the young people involved face in today's society.

The remaining strand "Imagining the Future" will bring together the work from Capturing the History and Mapping the Present. Participants will walk through a series of sessions which will allow them the opportunity to develop their visions for the future.

There is still time to get involved in the Community Lives programme. Capturing the History begins with Reading Rooms, an opportunity to read or listen to a short story or poem followed by a discussion with a cup of tea or coffee provided. There is no need to pre-book a space, feel free to drop in on the following days:

Community Planning Update

Following the launch of “Fermanagh and Omagh 2030” in March 2017 (which is the overarching Community Plan for the district), an Action Plan has been produced which includes actions which will help to begin to jointly tackle the major issues in the district and require a high level of partnership working to achieve, with a focus on prevention and early intervention. Some of the actions can be delivered in the short to medium term, others will take longer to fully achieve.

The 8 week public consultation on the Action Plan has now finished. All comments and opinions expressed during the public consultation will be considered by the Strategic Partnership Board in March with the aim of finalising the first Action Plan in April. It is expected that an Action Plan will be published soon and partners will begin implementation as soon as possible.

If you would like more information about the Community Plan Action Plan, you can get in touch with Oonagh Donnelly, Community Planning officer by telephoning 0300 303 1777, ext 20213, textphone 028 8225 6216 or email communityplanning@fermanaghomagh.com.

Ulster Scots Education Pack

Fermanagh and Omagh District Council is launching a new Education DVD based on the Ulster Scots traditions, language and culture. It will serve as a tool to aid teachers in exploring the Ulster Scots tradition with their pupils and combines History, Language, Dancing and Arts and Crafts. The Education pack has step by step guides to each project, including templates and links to the curriculum.

The DVD has been produced as part of the Good Relations Programme, and was jointly funded by The Executive Office and Fermanagh and Omagh District Council under the “Our Cultural Expression” theme of the Together: Building a United Community Strategy. The theme aims to promote mutual respect and understanding amongst the community, where the community’s diversity is strengthened and where cultural expression is celebrated and embraced.

The DVD is available free of charge to all primary schools within the Fermanagh and Omagh District Council area.

Relaunch of advisory groups to improve access to Council services and facilities

Fermanagh and Omagh District Council has relaunched a number of Advisory Groups to provide support, guidance and direction to Elected Members and Council Officers on matters related to disability, with a particular focus on how Council services are designed and delivered.

The three Groups – the Disability Advisory Group; the Enniskillen Access Advisory Group (previously known as Ardhowen Arts and Disability Advisory Group); and the Omagh Access Advisory Group (previously known as Strule Arts and Disability Advisory Group) – were initially established to provide support to the Council’s Arts and Heritage service. However, following a period of consultation the Groups have now been relaunched with a wider remit to include all Council facilities and services.

Membership of the Disability Advisory Group consists of both Elected Members and Volunteer Members, whilst both Access Advisory Groups consist solely of Volunteer Members who either have a disability or represent people with disabilities.

The Disability Advisory Group will also work to ensure that the Council is delivering upon its promises outlined within its Disability Action Plan 2017-2019.

The Groups will meet on a regular basis throughout the year. If you have an issue or concern regarding access to Council services or facilities and would like to bring this to the Groups’ attention for consideration, please contact a member of the relevant Group – contact details are available on the Council’s website.

For further information on the Disability Advisory Group, or any of the Access Advisory Groups or to raise an issue or concern, please email disability@fermanaghomagh.com or telephone Matthew Nevin or Finbar Maguire, Fermanagh and Omagh District Council on 0300 303 1777 or Text Phone 028 8225 6216.

Waste and Recycling

It is vital that we understand what happens to our waste – this helps us to think about how we can reduce and recycle our rubbish. By learning more about waste and recycling we can all do our bit for the environment.

Fermanagh & Omagh District Council believe in working with this and future generations to help improve our recycling and recovery rates. The recycling education officers are available to educate people about our facilities; the role everyone plays in recycling; and the benefits for the community.

If you are interested in an activity for your youth group or community group, please send a brief email outlining the dates you are interested in and details of your group to claire.mcdermott@fermanaghomagh.com or anthea.owens@fermanaghomagh.com and we will get in touch to discuss organising a bespoke session for you.

Please donate unwanted furniture and paint

Residents are encouraged to bring unwanted bulky items including wardrobes, tables and chairs etc to recycling centres located at Gortrush, Omagh, Fintona, Carrickmore, Drummeemore, Enniskillen, Irvinestown, Kesh and Lisnaskea. These items are collected by third sector organisations, refurbished and reused for social enterprise in your community.

Residents can also donate unwanted, usable paint that is then made available free of charge to residents and community groups throughout Fermanagh and Omagh District to use in the home, garden or on community projects.

For further information please contact Anthea Owens, Recycling, Education and Grants Officer, Fermanagh & Omagh District Council on 0300 303 1777.

Lisnaskea Historical Society

Olde Tyme Market Day – Friday 8 June, 9.30am-12.30pm

Corn Market Yard, Lisnaskea

A day when the Lisnaskea primary school pupils experience the fun of the market day and sell the wares they bring. Refreshments are provided for children. Profits from children's stalls are in aid of their own school. Lisnaskea Historical Society does not make any monetary gain from the event. Please support the schools to make the day a memorable one for all. Children learn about history, old ways, the importance of buying and selling as well as bartering and getting a bargain. Grandparents enjoy the event too and often contribute produce and recount memories of attending markets long ago.

The intergenerational dancing will be happening again this year, run by FACT and Lough Erne Heritage will be bringing a Lough Erne cot, to show people how good and practical this type of boat was on our Lough, and their display of boating history. Children can be photographed at the side of the cot in their costume. Hall and stage available if weather is bad.

9.30am Children arrive for stall setup, accompaniment of sound system music.

Selling commences - accompanied by music and dancing - a lot of noisy fun takes place.

10am-12.30pm Lough Erne Heritage display continues throughout the morning with people on hand to explain the boating and traditions of the Lough. Brian Osborne will explain the history of Lough Head, which he has researched thoroughly.

Blue Grass Meets Green Grass

We are pleased to announce that the world class dance company Starmaker's will be visiting Ireland from the Southern American State of South Carolina in the Summer. The passion of Starmaker's is to inspire, motivate and enrich every student in the art of dance and this will be their first visit to Ireland. The group will be in Ireland's shores from 4-9 June.

The desire of the Starmaker's students is to share their talent of dance in the clogging genre and sharpen their skills in both Highland and Irish dance techniques while in Ireland. Starmaker's dance company is founded by world Clogging champion Christi Stanton who will be leading a group of 40 people, including 20 students between the age of 8 and 18 years old. The Clogging dance style celebrates the fusion of both Irish and Highland dance adapted in the New World in the same way that Bluegrass and Country music morphed from traditional Irish and Scottish music. In many ways it's an untold story of how dance was fused through immigration and in it's time for Starmaker's to bring the steps back to Ireland.

The dance company's locations and dates in June are as follows:

- 4 and 5 June Belfast
- **6 and 7 June Enniskillen**
- 8 June Newcastle
- 9 June Dublin

We would like to partner with other Highland Dance and Irish Dance schools and eager to find connections for the students to form relationships for education, dance, and hospitality!

Homeshare & Older People Research – Department of Communities NI – Community & Voluntary Groups, Age Sector, Referral Organisations

Shared Lives Plus is carrying out research as part of a small feasibility study into the potential of the Homeshare model to support older people in Northern Ireland. We are keen to hear the views of community and voluntary organisations, age sector groups and referral organisations etc. The survey should only take 3-4 minutes <https://www.surveymonkey.co.uk/r/NIHomeshare>

What is Homeshare?

- Homeshare schemes can be set up and run by community, voluntary and other non-profit organisations
- They bring together older people (Householders) living on their own (in their own home) with young professionals or students (Homesharer)
- After matching and agreement the Homesharer moves in for an agreed period of time and pays a fee to the Homeshare scheme. They also make a monthly contribution to household bills (the combination of these payments will be lower than the current market rent for the area)
- In return for cheaper rent, the Homesharer provides an agreed weekly number of hours of low level support to the older person
- This includes tasks like shopping, cleaning, handyperson and gardening jobs and companionship
- Homesharers do not provide personal care e.g. washing, dressing or other regulated activity
- Schemes can be funded in a number of ways including a mix of grants and fees paid by Householders and/or Homesharers etc for the vetting, approval, matching and ongoing monitoring and support provided
- Schemes can become sustainable and self-financing between 3-5 years depending on the model adopted

Don't get your heart - and bank balance - broken by romance scammers, warn TSS

The Trading Standards Service in Northern Ireland is warning people to be careful about who they accept as a 'friend' online, as they are aware that people can be preyed upon by dating and romance scammers, on social media sites.

Sharon Muldoon of the Trading Standards Service said: "Social media has overtaken online dating sites as the most common way for dating and romance scammers to contact potential victims. If you're going on social media, a dating site or app to find a potential Mr or Ms Right, it's important to keep your guard up to a scammer's advances."

Trading Standards has provided the following tips to enable you to help to protect yourself from an online dating/romance scammer:

- Scammers create believable profiles to present themselves as an almost too good to be true 'catch' - use a Google Image search to check if their profile picture is genuine;
- If the person you are interested in says they are overseas, or can't meet you right now for any reason, be suspicious - their excuse may sound reasonable, but it is usually a lie;
- Be careful when people profess strong feelings early on - scammers want you to fall in love with them, so they can abuse your trust and feelings to get money out of you;
- Scammers spin sympathetic tales about why they need money, but please don't fall for it - you should never ever give, or send money to someone you have only met online; and
- Don't share intimate photos or use webcams in an intimate setting - scammers will use these photos or webcam recordings at a later date to blackmail you.

If you think that you may be involved in a romance scam please contact Action Fraud immediately on 0300 123 20 40, or log onto their website <https://www.actionfraud.police.uk/> to use their online reporting tool. Alternatively, if you would like to speak with an Officer within the Trading Standards Service in Northern Ireland, please phone 0300 123 62 62.

Keep Northern Ireland Beautiful

The Adopt a Spot programme is a scheme that will formally enable groups across Northern Ireland to adopt a locality and look after it. With street cleansing costing nearly £40 million a year, why not take pride in your area and adopt a spot? The area that you adopt can be any area of your choosing, subject to council or landowner approval. It can be anywhere: a section of roadway, beach or green space, a forest park, river or urban area. If there is an area that you think could do with a clean-up and needs a bit of TLC, why not adopt it and instil a sense of “pride in my place.”

Adopters can be families, community or youth groups, church groups, schools, businesses or sporting associations. There are a limited number of spaces, so get your application in early! Successful groups will be provided with clean up kits which are to be collected from the Keep Northern Ireland Beautiful office and they will include:

- Litter pickers
- Gloves
- Branded rubbish bags
- Branded high viz vests
- Branded Adoption Certificate and adopter pledge
- A hints and tips booklet on how to run a successful clean up

Keep Northern Ireland Beautiful asks that you agree to the terms and conditions set out in the contact. This includes agreeing to carry out 4 clean ups over the course of a year, and reporting your results and pictures through the Live Here Love Here website.

To be part of the Adopt a Spot scheme, please contact Karina Magee on 028 9073 6920

Organ Donation Northern Ireland

Speak up and save a life

Approximately 7000 people require an organ transplant annually in the United Kingdom. There is a real shortage of organ donations and unfortunately every year around 14 people in Northern Ireland die waiting for an organ transplant.

Fermanagh and Omagh District Council are working with the Western Health and Social Care Trust (Western Trust) to raise awareness of the need for families and friends to have a conversation around their wishes in relation to organ donation.

This is because after your death, your next of kin will be consulted on whether your organs can be donated, even if you carry a donor card. Any decision they make will be respected. When families or friends know the wishes of their loved ones it can give them the confidence to fulfil your wish to be an organ donor.

There are many ways to register as a potential donor:

- Register online at www.organdonation.nhs.uk or www.organdonationni.info
- Register when applying for or renewing a driving licence
- Register when registering with a GP Practice
- Telephone the NHS Donor Line 0300 123 23 23. Lines are open 24 hours a day all year round
- Download a form from www.organdonation.nhs.uk print it and return it by Freepost
- Register when applying for a Boots Advantage Card.

Action on Hearing Loss Northern Ireland is part of the new UK Hear to Inform and Connect (2017-19) project, funded by the Big Lottery Fund. This project will help to grow our information service to reach even more older people with hearing loss.

The aim of the project is to ensure older people with hearing loss feel better informed about how to manage their hearing loss, and where to access further support in their local area. Our information teams will also work with care homes, community groups and local organisations who provide services or support for older people with hearing loss, to help them make their services more accessible and inclusive.

Our information Officers and volunteers will help in a number of ways:

- By delivering information stands in a range of community and health settings such as libraries, leisure centres, GP surgeries and hospitals.

- By giving talks to care homes, local community groups and organisations on deaf awareness, equipment, communication and Action on Hearing Loss services and campaigns.
- By carrying out basic hearing screenings using a hand held screener to identify whether further assessment by a hearing professional is required.
- By providing demonstrations of equipment such as vibrating alarms and amplified telephones, to support older people to better manage their hearing loss.
- By signposting to other local services for older people who are deaf or hard of hearing

For further information or to arrange a talk to your group or get a hearing check contact Geraldine Keys on 07393 232833 or email geraldine.keys@hearingloss.org.uk

The Challenge Fund; Arts and Culture Programme Launched

A new arts and culture initiative which will help to develop skills within the sector, promote positive health and well-being and raise awareness of traditions from a bygone era through arts, crafts and performance has been launched.

The Challenge Fund, co-funded by Fermanagh and Omagh District Council and the Arts Council of Northern Ireland will be delivered under three themes; 'Arts for All' concentrating on health and well-being, active ageing and inclusion; 'Multiple Identities' focusing on musical cultural traditions and 'Loughs, Bogs & Mountains' addressing rural arts, traditional skills and the environment. The programme, which will run until October 2019, will be delivered in partnership with a number of organisations including South West Age Partnership, Royal Scottish Pipe Band Association (NI) and Dún Uladh – one of Comhaltas Ceoltóirí Éireann's seven regional centres, Sliabh Beagh Arts, An Creagán and a number of other venues, local organisations and individual artists.

The Challenge Fund will make a total investment of £250,000 across the district. Each of the programme themes will provide a series of arts, crafts, performance and training workshops and activities for various groups in local communities. The activities will result in the creation of new artworks, development of new skills and expertise, exhibition and performance opportunities and increased capacity across the arts and cultural sector in Fermanagh and Omagh. The Challenge Fund will also deliver an Artist in Residence initiative, bringing distinguished artists into the district to undertake a wide range of activities engaging with local schools, businesses, community groups and artists. There will also be support for local artists including an unprecedented opportunity for an artist to undertake a residency at the Centre Culturel Irlandais in Paris, with prospects of making European and International connections. Finally, a programme of technical and theatre training will take place across the district for local voluntary, community and amateur drama groups and young people.
