## Foreword by the Chairperson and Chief Executive

Fermanagh and Omagh District Council is committed to ensuring that all our residents and visitors have access to good quality services, including those with disabilities.

To support this, we will continue to examine how inclusive our venues, services and projects are for people with disabilities, as well as taking action to implement the necessary support and improvements. We aim to make these improvements through meaningful engagement and consultation with people with disabilities, who have the lived experience and can provide the most effective feedback to the Council.

The Disability Action Plan is a statement of commitment to the promotion of equality of opportunity for people with disabilities and how we will fulfil our statutory obligations in compliance with Section 49A of the Disability Discrimination Act 1995 (as amended by the Disability Discrimination (NI) Order 2006).

Through the plan we aim to ensure that we put 'disability', 'accessibility' and 'inclusion' at the centre of employment practice, service delivery and policy development.

By successfully implementing this plan will help to achieve the vision as outlined within the 'Fermanagh and Omagh 2030' Community Plan:

'a welcoming, shared and inclusive Fermanagh and Omagh District, where people and places are healthy, safe, connected and prosperous, and where our outstanding natural built and cultural heritage is cherished and sustainably managed.'

and the Council's mission as stated in the Corporate Plan 2024 -2028:

'To work in partnership to improve the lives and wellbeing of our communities and to provide the best quality experience for those who visit our district.'

Fermanagh and Omagh District Council is committed to achieving the objectives set out in this Disability Action Plan and will allocate the necessary resources and support required to effectively implement it.
